35 2 Cemeteries in Gyonk (old and new), Hungary

Gyonk New - Restoration work initiated by Harav R' **Yechiel Mechel Ausch-Templer** z"l who assisted us greatly with cemetery restoration.

After much toil and effort we have finally received a partial grant for construction of the fence. The grand project is now being carried out to the satisfaction of family members and the government. Because a substantial part of the expenses are not covered by the grant, the Committee appeals to the descendants to join us and buy the zechus of completion of the mitzvah. Thank You Letter

Received this week from Harav **Shmiel Yida Brisk** shlit"א
Following the momentous trip to kivrei avos
Led by his esteemed father, Av"ד Toshnad shlit"א

The letter highlights the heartfelt feelings of the visitors at this great opportunity of the completion of the ohel on the gravesites of the rabunim of Margita and the beautiful new wall around the cemetery, and it addresses the importance of building a wall.

To the honored askunim of the organization Avoyseinu,

I'm writing to you to express our heartfelt appreciation, as in the past week I merited to partake in a large group, led by my esteemed father, Av"ד Toshnad shlit"א, that visited the kevarim of our forefathers in Europe. Among the places, I visited the kevarim of my ancestors in **Margita, Romania**, and I'll tell you the truth that I have been at the kevarim numerous times, and have always been distressed at the poor condition of the place. The fence was broken and animals of all kinds roamed the area, causing the holy place untold disgrace. Now when I arrived, I was astonished to see a completely new reality, first with the new, sturdy wall, and with the restoration of the inside, especially the renewal of my zeida's stone. **The unique work of Avoyseinu in this cemetery restored honor and dignity to this sacred site. May the tremendous merit bless you all!**

Shmiel Yida Brisk
Son of the esteemed Av"ד Toshnad shlit"א
Descendant of the Rabunim of Margita zy"א
