Headstones

A great initiative to carry out the very necessary reconstruction and repairs to the fence and the more than a thousand headstones of the very old cemetery. As is well known, the Vishnitz cemetery is one of the very old burial grounds where great figures of the world were laid to rest hundreds of years ago.

A committee is now forming to raising the large sums required for making the urgently needed repairs in order to begin the holy work.

Repair of the discovered tombstone of Mrs. Rivka Trana

Repair of the headstone R' David Zvi Friedman

We are continuing with the cemetery work by erecting the headstones on solid foundations, cleaning, and leveling the grounds.

Bukowsko, Poland

A thorough evaluation was conducted at the request of Rabbi Chaim Tovia Horowitz Shlit"a, in the very important cemetery, where a detailed assessment report was prepared.

Report:

The cemetery was found without any fence, with 14 headstones in a partially severe condition, sunken into the ground. It is very urgent to enclose the cemetery with a sturdy fence, in a manner befitting the honor of the cemetery.
