A brief overview on our weekly activities

מצות מקרא מגילה - בהמשך למצות הצלת מתי מצוה

The holy Rava asked: when one is about to read the Megilah and at the same time there is a מצוה, which takes precedence? And he answered, the מצוה is more important. (Megilah 3)

This Purim, do the mitzvah in the most perfect way by becoming a partner in Avoyseinu's vital work--guarding the resting places of our ancestors. Today's world is one of Segulos and Yeshuos; wherever one looks there are myriad pieces of advice and potential undertakings guaranteed to help one obtain all his needs. Avoyseinu also continuously sees the Yeshuos merited by those who take upon themselves the great mitzvah of rescuing and safeguarding Jewish graves. Of course, it is self-understood that every single mitzvah and good deed performed garners endless invaluable merits and brings endless השפעות to the world at large, yet חז"ל bring down amazing occurrences that came about through safeguarding Jewish graves:

-The Gemara in Taanis tells of an entire city that was saved from a plague in the merit of one Jew who would regularly lend his shovel to aid in the burial of the deceased.

-It is known from many holy Seferim that the kindness performed with the deceased and especially that of rescuing a מצוה is the epitome of kindness, about which it is said אלו ב' דברים שאוכל פירותיהן בעוה"ז והקרן קיימת לעוה"ב

נפסין צאקא

And now we will share one episode of the many from within the confines of Avoyseinu. A while back, R' Y.H.F. was having a hard time with a shidduch for one of his children; the difficulties were dragging on for more than 2 years for no conceivable reason. The man arranged an Avoyseinu gathering for the rescue and restoration of his ancestors' graves. To his astonishment, as soon as the meeting was successfully completed the shidduch was finalized with a L'chaim the very next night, after stalling for 2 years!! R' Y.H.F. asked that the story be publicized so as to benefit this worthy Organization.

As a postscript, we asked this yid, did he not don Talis and Tefillin on that auspicious day? Did he learn that morning and evening or give צדקה on that day? Of course, R' Y.H. replied that indeed, he performed all the above as well all good deeds he regularly does. To be certain, his overall praiseworthy conduct helped bring about his salvation, and the merit of the מצוה of restoring his ancestors' graves was the clincher!

In the merit of helping rescue and restore Jewish graves may we all be helped בגשמיות וברוחניות and may we be זוכה to a שמחת פורים and a שמחת תמיד!
