Restoration of cemetery in Krachesht Mara, Romania

Resting Place of R' Naftali Herz son of R' Yona Rub ז"ר

Erection of fence complete in the Desesti cemetery

As previously mentioned, with much difficulty, long negotiations and thorough investigations to ascertain the correct borders, the second phase of fence construction in the Desesto cemetery was **בנוהה שיית** finally completed. >>>>>

Family members who were involved in our work recognized the absolute necessity of setting up the borders before problems arise; therefore they jumped headfirst into the Krachesht project and had the cemetery surrounded with a strong fence to rescue it on time. And now, several grandchildren among them Harav R' **Leibel Rubin** and Harav R' **Eliezer Rub** from Boro Park and Harav R' **Chaim Avigdor Kornbluh** of London grouped together to immediately start restoration work.

We call out to descendants of Krachesht who are able to assist us in our holy work to please contact Avoyseinu, and in this **כל טוב** may you be blessed with **זכות**.
