"...and build a fence to surround them from this side and from the other side"  
 And I come to caution the living to be vigilant with the honor of the deceased...  
 and especially when I saw in certain areas cemeteries that were not fenced in...  
 therefore be very careful in this matter especially at the day of judgment so that at  
 our judgment the deceased should stand like a fence around us with the  
 prosecuting angels standing on the outside..(מתו"ד ספ"ק שע"ר המלך אלול שער א')

## With a sincere entreaty...

The desecration could have been avoided had a fence been erected in a timely fashion

A large part of the cemetery was unfortunately turned into a gas station--- what a defilement of our ancestors' graves!
