A beautiful new fence is being built surrounding the cemetery where many famed tzaddikim zt"l are buried.

Construction has been enabled by the generous sponsorship of the descendants who answered the call of the Committee Members. As the work reaches completion, we are preparing a magnificent plaque engraved with the names of all donors as well as the Committee Rabbonim. May they all be blessed with Kol Tov.

Family members prepare for the last phase of restoration:

Repair of tombstones and excavation work to dam up the water-flow. It is expected that the work be partially funded by the government.

As Avoyseinu closes a successful fall season, we bring you sample photos of several cemeteries that were finally restored after years of intervention.

Legesbenye, Hungary | 9 years of negotiations!

304

Stropkov, Slovakia | 4 years of negotiations!

302

Szentmiklosi, Ukraine | 12 years of negotiations!

Despite all difficulties we do not give up on a cemetery. We expend as much effort as possible until we see the project through successfully. We can only go on with the support and patience of family members during the negotiation process.

The expense of negotiations is not covered by the descendants and falls on Avoyseinu's shoulders. To sponsor, please contact us: 718-640-1470
