## Trip to Almosd, Hungary

Headed by:

Harav R' **Shmeil Shmelke Klein** and Harav R' **Avrohm Shia Klein**, Chairmen

To the esteemed Organization Avoyseinu,

We recently took a trip to visit our ancestors' graves in Hungary. At the first cemetery we visited, the grandchildren, through Avoyseinu's assistance, had renovated the fence, cut the grass, and had the tombstones straightened up. We then traveled to Almosd to pray at the gravesite of our grandfather Hagoon R' **Aron Shloime Katz** zt"l. We arrived to the city and to the street where Avoyseinu had directed us but found no trace of the Jewish cemetery.

For a long time we searched and inquired until we came across an older gentile and he led us to a side street where he claimed the cemetery should be, although he wasn't quite sure of the exact location. We still could not find the cemetery. With Hashem's help another gentile passed by just then and he knew where there are "Jewish stones". He led the way through trees to the cemetery and we finally merited praying at the holy site. Tragically, the place is in terrible condition and if not for the gentile leading the way we never would have found it. It looks like the place has not been touched for about 80 years and a Yid has probably not set foot there in as many years. ב"ה Avoyseinu is preparing to restore the cemetery and we would like to thank the descendants and committee members for their hard work in raising the funds for this most necessary endeavor. It is our fervent wish to see the cemetery restored to its former glory.
