Notes

ר' שמואל געווען און ליפאווע אדר' א' ס"ה און געטראפען 400 מצבות וצריך לברר הענין
 Apparently, approximately 2 m less of the territory was fenced
 There are 2 parts to the cem: old and new. Approx 10 years ago part of the cem was enclosed, but quite a few matzeivos were left outside the fence. The original size of the cem was 511 m, 300 m of this was enclosed
 It's important to pay attention that the area between the 2 fences won't get used for something else by the municipality. The concrete fence is strong enough to be moved to

Problems:

300 concrete fence is in good shape, but the original 511 m in very bad shape. There used to be a wire fence, but today only the remains of it can be seen. According to the map there used to be either a Tahara Shtibel, or possibly Ohel.

the original fence line. this way we'd need to build 200 m new fence besides moving the existing fence to the original border line.
