### Notes

The CT's house used to be part of the cemetery. The wall of the house is the wall of the cemetery as well. Today a lady lives there, when this house will be removed there will be no fence at this place. The entrance gate needs to be renovated or replaced. As well, some earth should be cleared away from next to the fence on the back side.

### Problems:

The drip cap needs to be renovated at a few places, in order for it to protect the supporting panels of the fence and the fence needs to be fixed at a few places.
