Notes

Eastern fence is 249m. On other sides, there are pillars only. New section has approx 2000 stones, old section- about 1000-1500. Tahara Shtiebel on site. Cemetery's been measured lately. Possible that somebody is planning to sell part of cemetery.
 Entrance to neighbor's garage was built on the cemetery. Per SM, Tahara Shtiebel's fence is not at right place, but this can only be determined with old map. On north side, by wire fence, a 60m support wall needed. First step could be restoration of stones in old part.
